PARK(ing) Day Calgary 2019

PARK(ing) Day is an annual open-source global event where citizens, artists and designers collaborate to temporarily transform metered parking spaces into "PARK(ing)" spaces - temporary public spaces. The project aims to encourage critical thought and to spark our imaginations about how public spaces can be used.

We invite you to transform an everyday parking stall into an experimental design and showcase the creative ways you think urban public space could be used.

This event is hosted by:

- Installations must be sturdy and safe, weather resistant, and not interfere with traffic.
- Installations are required to incorporate a 4' high protective fence (provided by event organizers) to separate the installation from vehicular traffic.
- Teams are responsible for the design, materials, fabrication, transportation, installation and removal of their installations for the event, including associated costs.

- Installations will require one representative at minimum, on-site during the entire event.
- Signage is limited to two posters, no larger than 11 by 17 inches in size, that serve the sole purpose of acknowledging the creators, funders or organizers of the PARK(ing) Day Installation.
- Setup from 10 am to 12 pm, and take-down from 6 pm to 8 pm.
